Meeting Date	11 June 2025
Title	Strategic risk register
Author(s)	Anna Raftery, Head of Assurance and Compliance
Executive Sponsor	Claire Amor, Executive Director of Corporate Affairs
Executive Summary <p>The presented report sets out the HCPC's strategic risks as of May 2025.</p> <p>The risk register details:</p> <ul style="list-style-type: none"> • a description of how the risk relates to the HCPC's risk appetite; • current mitigations in place; • progress on workplans, and how they mitigate the risk; and • a commentary box outlines the changes to the risk since the last iteration (March 2025). <p>The risk score for strategic risk 5 has reduced to from 12 to 10.5, which remains a high/medium risk. With the fee increase live from April 2025 and the balanced budget for 2024-25 this risk has reduced. The ongoing risk around partners contracts, and emerging risks around international application volumes and SMS/cyber fraud means the impact score has gone down by 0.5 instead of 1 to reflect the complexity.</p>	
Action required	The Committee is asked to review the information provided and seek clarification on any areas.
Previous consideration	This is a standing item considered at each meeting of the Committee.
Next steps	<p>The next report to Committee will be presented in September 2025.</p> <p>A full strategic risk register review will take place alongside the strategy review.</p>
Financial and resource implications	None as a result of this paper.

Associated strategic priority/priorities	Continuously improve and innovate Build a resilient, healthy, capable and sustainable organisation
Associated strategic risk(s)	All
Risk appetite	All
Communication and engagement	None as a result of this paper.
Equality, diversity and inclusion (EDI) impact and Welsh language standards	This paper includes the assurance of HCPC EDI as related to regulatory and business practices.
Other impact assessments	This paper includes the assurance of HCPC data and sustainability as related to regulatory and business practices.
Reason for consideration in the private session of the meeting (if applicable)	Not applicable

HCPC Strategic Risks

Summary of strategic risks

Strategy	Strategic Risks - from November 2024	Risk Description	May-25	Target Risk*
1 - Continuously improve and innovate - To improve our performance against PSA standards of good regulation and to innovate across all our regulatory functions to provide an enhanced user experience.	1. We are unable to deliver our regulatory requirements effectively in a changing landscape, effecting our ability to protect the public.	Not delivering or meeting: Informed registration decision making; Proportionate and fair FTP decision making; Engaged Education decision making; PSA Standards of Good Regulation; Appropriately managed improvement programmes in regulatory areas; Consideration of EDI needs, including accessibility of functions and fairness of decision making.	9	6
2 - Promote high quality professional practice - Enable our professions to meet our standards so they are able to adapt to changes in health and care practice delivery, preventing harm to service users.	2. Our standards do not reflect current practice and/or they are not understood by registrants and our stakeholders.	Relates to: Quality and suitability of our standards and guidance in setting a threshold for safe & effective practice which protects the public. How effectively we communicate our regulatory expectations. The effectiveness of our professionalism and upstream regulation work. Effective and informed consultation process, including enhanced EDI consideration.	3	3
3 - Develop insight and exert influence - Learning from data and research to inform our decision making and share insights to protect, promote and maintain the health, safety and well-being of the public.	3.a Quality of our data leads to assumptions or gaps in understanding, and therefore inadequate or uninformed decision making. 3.b We are unable to maximise our use of the data we hold to share insights to protect, promote and maintain the health, safety and well-being of the public.	This includes our effectiveness in collecting, maintaining, and utilising the data we need to be an intelligence driven regulator and the effectiveness of our insight and intelligence work. It relies heavily on the work of the digital transformation and IT team and includes operational reporting in the Corporate Services team. It also relies on regulatory teams inputting information.	9	6
4 - Be visible, engaged and informed - We regulate, take and communicate decisions which are informed by a deep understanding of the environment within which our registrants, employers and education providers operate.	4. We are unable to effectively build trust, engage with and influence our stakeholders reducing our ability to understand their perspectives and regulate effectively.	This includes how effectively we engage with our stakeholders and our credibility with them and how well we play our part in the wider system. It includes our EDI practice externally, the ability to respond and influence external drivers for change.	9	6
5 - Build a resilient, healthy, capable and sustainable organisation - Employees feel valued and supported, and fully able to contribute. The organisation is resilient and able to quickly adapt to changes in the external environment.	5.a The resources we require to achieve our strategy are not in place or are not sustainable. 5.b Our organisational values are not reflected at all levels of the organisation, leading to staff not feeling supported/trusted/listened too.	This risk includes not securing the resources we need to be effective and / or not being efficient and effective in our use of our resources (resources include financial, knowledge, skills, culture, infrastructure). The development of our culture, people and physical assets, our continued financial viability and the significant failure of key business processes.	10.5	9
6 - Promoting the value of regulation - The public, registrants, students and employers understand the value and importance of regulated health and care professionals.	6. We do not sufficiently or appropriately promote our work leading to opportunities to enhance our regulatory activity being missed and the benefits of regulatory reform remaining unrealised due to: a) the role of regulation in the delivery of high-quality care is underestimated by the public, registrants, students and employers. b) our ability to protect the public is under-recognised by policy makers and influential stakeholders.	This risk includes the HCPC's capacity and capability to engage and influence regulatory reform effectively to ensure its benefits are realised, as well as the HCPC being viewed by government as a priority regulator for reform.	8	6

Strategic risk 3.a Quality of our data leads to assumptions or gaps in understanding, and therefore inadequate or uninformed decision making. 3.b We are unable to maximise our use of the data we hold to share insights to protect, promote and maintain the health, safety and well-being of the public.	
Risk Summary	This includes our effectiveness in collecting, maintaining, and utilising the data we need to be an intelligence driven regulator and the effectiveness of our insight and intelligence work. It relies heavily on the work of the digital transformation and IT team and includes operational reporting in the Corporate Services team. It also relies on regulatory teams inputting information.

Current Risk Influencers	
✓	Registrant datahub has been published, providing detailed insight into the population of our registrants.
✓	IT team delivered successful first modules of new data platform, supporting EDI reporting, meeting the needs of the HEE data sharing project and improving access to core registration data.
✓	Data Engineer in place, data standards officer on secondment. A data migration specialist has been recruited on a temporary basis to support the Business Central project.
✓	Automation of reporting data continues
✗	Ongoing risk of short term appointment of data manager, data consistency, accuracy and completeness will continue to be a concern.
✗	Quality and completeness of underlying data causing delays to analysis as significant cleansing work required. I&A team working with Ops teams to resolve and mitigate against continued imputing of new bad quality data.

Mitigations in place			
	Publication of FtP, Education and Registration information and datasets through annual reports and FOI requests.		Interactive data hub launched 21 May 2025
	Insights and Intelligence Framework agreed, setting out priorities and approach for data analysis.		Renewals data dashboard accepted report now in place agreeing renewals counts of actuals and previous windows.
	Dedicated resource for Analysis and Intelligence and Data Engineer in place.		

Areas of Development	Progress 2024-25	Mitigation	Reporting period commentary
Research 	Commission research into the impact of the increasing use of AI by registrants working across our professions, settings and across the UK (Q2)	This research will give us insight on areas we should /could address as a regulator	The new data hub launched on 21 May 2025. The interactive dashboards allow all stakeholders to explore our data in their own time. The dashboards include register over time, and how this looks under different characteristics and/or location, as well as diversity data.
Data quality and infrastructure 	Improve our external data reporting capability: workforce profiles (Q1), student/learner progression to HCPC registrant (Q2) and ongoing improvement to self-service reporting tools available on our website (Q2-4) Continue to further our diversity data enhancements and more complete data sets on registrant employment, which we expect will improve our visibility of emerging concerns relating to individual employers or locations. This insight will also be used to inform our professional liaison outreach targeting (Q3)	By continuing to improve the quality of our data and reporting capabilities we can be confident in the reporting we share	the research strategy is being developed in order to develop our thinking and approach to research going forward.
Insights and Analytics 	Continue to publish analyses of our data to provide insights to our stakeholders. This will include more detailed analyses of our FTP diversity data, further developing our data hub, enhancing our professional profiles dashboards and providing insights from registrants' CPD activity (Q3) Collaborate and share our data across the sector in order to enhance public safety and professional practice. This will include exploring participation in a cross-regulator database, increased sharing of our data with professional bodies and further education data sharing and analysis (Q4)	By sharing our data openly and providing more in depth analysis we are directly able to influence the health, safety and wellbeing of the public.	

Strategic risk 4. We are unable to effectively build trust, engage with and influence our stakeholders reducing our ability to understand their perspectives and regulate effectively.	
Risk Summary	This includes how effectively we engage with our stakeholders and our credibility with them and how well we play our part in the wider system. It includes our EDI practice externally, the ability to respond and influence external drivers for change.

Current Risk Influencers	
✓	Professional liaison consultants in place in each of the 4 UK countries, improving our reach for engagement work.
✓	
✓	Collaboration with NHS employers to reach out to attendees of joining the UK workforce upstream events, contributing to the wider workforce agenda.
✓	Strategic Relationship Lead in place and actively managing and supporting relationship managers' network. Relationship management model in place. Engagement management group established to support more targeted forward planning for engagement.
✗	Single CRM forms part of the tech roadmap agreed by Council , investment for 2024-25 will focus on building the platform, with the implementation for stakeholder engagement and managing feedback and complaints deferred to 2025-26.

Mitigations in place	
 ELT relationship building and liaison with key stakeholders particularly Government Departments, professional bodies, other regulators, unions.	 Policy statement on approach to MOUs in place, a number of MOUs agreed with key stakeholders.

Reporting period commentary
On 20 May 2025 we hosted a meeting of our Professional Body Forum. Discussion topics included the review of our standards of education and training (SETs), corporate strategy development, our upcoming consultation on sanctions policy, advance practice webinars, and a joint discussion on artificial intelligence.

Strategic risk 5.a The resources we require to achieve our strategy are not in place or are not sustainable.

5.b Our organisational values are not reflected at all levels of the organisation, leading to staff not feeling supported/trusted/listened too.

Risk Summary	<p>This risk includes not securing the resources we need to be effective and / or not being efficient and effective in our use of our resources (resources include financial, knowledge, skills, culture, infrastructure).</p> <p>The development of our culture, people and physical assets, our continued financial viability and the significant failure of key business processes.</p>

Current Risk Influencers	
✓	Budget factors in projected future benefits of investments, to be validated at project initial phase and tracked to ensure deliver.
✓	We ended 2024-25 with a surplus budget and meeting our reserves policy or realisable net assets
✓	Latest fee rise in effect from 29 April 2025.
✓	People strategy in place: BDO audit shows good progress. Performance against KPIs good - sickness absence and turnover reducing. APDR participation for 2024-2025 was 100%.
✓	Two Speak Up Guardians in place from senior leadership. Annual report due to ARAC in November 2025
✓	Carbon baseline for HCPC now established with action plan for improving sustainability being developed with expert input and involvement of ELT and SLG.
✓	Publication of Gender and Ethnicity Pay Gap Reports
✗	Rising inflation increases HCPC costs and HCPC employees cost of living pressures; impacts mitigated by budgeting, pay review and efficiency plans as part of benefits realisation.

Mitigations in place			
⚠	Adherence to budgeting and financial management and reporting processes which are subject to internal and external audit e.g. NAO. Finance business partner challenge and budget setting principles agreed by ELT to challenge the business on efficiency realisation.	⚠	Adherence to HR processes in relation to recruitment, annual performance development review and learning and development for employees. All HR policies have been updated in the last 12 months
🚚	Business change function provides challenge on benefits outcomes of investment in new areas of work or enhancements to existing processes.	🚫	Adherence to Partner processes in relation to recruitment, onboarding and Partner Code of Conduct (updated Jan 2024)
📋	Medium-Term Financial Strategy in place incorporating an efficiency action plan.	🚫	Effective IT system design maintaining confidentiality, integrity and availability of data. Digital transformation strategy provides roadmap for improving our IT systems.
👤	All employees are set goals and objectives and undertake annual performance review which includes an assessment against our values (Fair, Compassionate, Inclusive, Enterprising) promoted through all employee performance system and seeks to identify training needs.	🚫	Maintenance of ISO27001 Information Security standard which is subject to external audit / Regular independent security assessments of key IT infrastructure. Maintenance of business continuity infrastructure and processes.
🏠	HR includes a central learning and development function for employees, which runs an annual learning and development plan for commonly identified skill and knowledge needs in addition to annual compliance training in areas such as data protection, bribery, EDI.	👤	ELT monthly monitoring of productivity of all departments through detailed performance reporting. KPIs reported to Committees and Council for oversight of performance and progress in meeting agreed milestones for corporate plan.
👁	Employee Forum acts as a consultation group for organisational change.	🔊	

Areas of Development	Progress 2024-25	Mitigation	Reporting period commentary
Delivering the technology roadmap 🚚	As part of wider customer contact strategy replace our legacy telephony solution to enable further improvements in the way we interact with registrants and other stakeholders who contact us (see milestone 2) (Q4) Scope and develop a foundational single CRM that will create a platform for bringing together all our customer information (Q4) Complete our journey to the cloud by decommissioning our remaining on-premise technology services and replacing these with future-proof cloud base services" (Q4) Continue to develop and enhance the data platform to provide a single version of truth for HCPC data and enable work on data driven insights (milestone tbc)	The tech roadmap gives us a multi-year plan to develop our digital and tech capabilities.	Following our consultation last year, the legislation to implement our latest proposed fee increase has now been approved in both the UK and Scottish Parliaments. The new fee came into effect from 29 April 2025. With this increase, the balance 2024-25 budget and improved reserves, the risk has decreased.
People strategy 👤	Deliver year 5 of our People Strategy: focus on attracting high quality candidates via our recruitment portal and workforce planning to build future resilience. Develop an updated People Strategy for the future to ensure that the HCPC continues to benefit from a highly engaged and capable workforce (Q4) Monitor the impact of the introduction of the Freedom to Speak Up Guardians scheme (Q4) Maintain other speaking up and listening opportunities including Let's Talk sessions with senior leaders, the Employee Forum and our regular pulse surveys (Q4)	The people strategy ensures we are recruiting and retaining high quality employees. It also supports the wellbeing of our staff.	However, the risk is still above target in view of the continuing risks on partners/ Somerville, level of international applications, and SMS/cyber fraud. As some of these risks have emerged more recently there are new to considering the risk score. While we generally avoid using half scores, due to this complexity the impact score has come to 3.5.
Improving financial sustainability and resilience 🚚	Continue with regular, transparent fee reviews to maintain the HCPC's financial sustainability and enable investments in further improvements. Planning under way for next consultation (Q4) Further develop our financial and procurement systems, to help ensure value for money and continued improvements in financial management, including through invoice processing automation (Q1), more efficient accounting for registrant income (Q3) and use of improved, AI-enabled reporting tools (Q2)	Resilient financial capabilities improves the sustainability of the HCPC	
Improving our environmental sustainability 🏠	Maintain and optimise the HCPC's office estate to provide a safe and sustainable working environment, including progressing plans to end our reliance on gas-powered heating (Q4) Implement a Carbon Footprint Environmental Management System to improve our ability to monitor the environmental impact of our operations (Q3) Enhance procurement policy to include a focus on sustainability and supplier diversity (Q2)	As a modern a conscientious organisation our environmental sustainability plan ensures we are in line with requirements.	The risk score has overall decreased from 12 to 10.5, however this remains high/medium, and outside of risk appetite.

Strategic risk 6. We do not sufficiently or appropriately promote our work leading to opportunities to enhance our regulatory activity being missed and the benefits of regulatory reform remaining unrealised. This can manifest in two primary ways: a) the role of regulation in the delivery of high-quality care is underestimated by the public, registrants, students and employers. b) our ability to protect the public is under-recognised by policy makers and influential stakeholders.	
Risk Summary	This risk includes the HCPC’s capacity and capability to engage and influence regulatory reform effectively to ensure its benefits are realised, as well as the HCPC being viewed by government as a priority regulator for reform.

Current Risk Influencers	
✓	The Government have confirmed in a Written Ministerial Statement, its commitment to reforming the regulation of healthcare professionals across the UK and delivering legislation relating to the Health and Care Professions Council in this Parliamentary period.
✓	Collaboration with stakeholders such as NHS England provides organisational experience for greater cross organisational collaboration on workforce as aimed for in regulatory reform. Positive and wide-reaching engagement with HCPC stakeholders on regulatory reform.
✗	HCPC funding challenges risk being unable to scale up to meet needs of regulatory reform due to parliamentary approval of fees and associated long process to achieve this.
✗	Regulatory reform not included in 2024-25 budget, but will be reviewed once firmer dates are confirmed.
✗	Government leadership changes, and challenges in the health landscape could impact on the progression of regulatory reform due to other priorities.

Mitigations in place			
	Communications and strategic engagement, including parliamentarians and cross-party engagement, on regulatory reform supported by Luther Pendragon.		Participation in cross regulator analysis of draft legislation and other regulatory themes, HCPC’s comments on draft legislation have been provided.
	HCPC engagement on Health and Social Care Bill led to positive change.		Funding and resource required for progression of regulatory reform quantified within budget as a financial risk. Assessment of de-prioritisation of other development work undertaken to create capacity for regulatory reform.
	Some dedicated policy resource in place.		HCPC medium term financial plan in place to seek to make provision for regulatory reform. Consultation expected to launch Sept 22.

Education 	Help education providers and others understand our regulatory requirements, and current sector trends, by considering our assessments from the 2024-25 academic year, building on previous analysis, and publishing / engaging on key findings, in a user focused way (Q3)	Supporting understanding of the value that regulation adds	The Government’s initial focus will be to modernise the regulatory framework for doctors under the General Medical Council (GMC) before moving on to make changes to the HCPC and the NMC. The Government anticipates they will be in a position to consult on the GMC legislation in late 2025 and to deliver legislation for the HCPC and NMC within the current parliamentary period
Registrant health and wellbeing 	Review our progress against and the impact of the Registrant Health and Wellbeing Strategy, identifying any further work we can undertake to improve the experience of our regulatory processes for those involved (Q3)	As a companionate regulator, supporting our registrants health and wellbeing can positively impact patient safety	
New registrants transition to UK practise 	Through our Insights for Employers programme and the Employer Hub, increase understanding of the challenges faced by registrants who are new to UK practice, and encourage and support employers to improve the narrative around and support for international registrants (Q3)	Supporting registrants new to UK practice supports addressing the workforce crisis	
Shaping the future of regulation 	Continue to raise the benefits to patient safety and the quality of care that regulatory reform will bring when meeting with stakeholders and responding to relevant departmental consultations (Q1-4) Ongoing engagement and contribution to the DHSC’s regulatory reform work (Q1-4)	Increased engagements with wider stakeholders ensure understanding the value of our work, encouraging support for reg reform changes

Current risk is within appetite.	
The target risk will be reached if the outcome of regulatory reform and the longer-term regulatory landscape review compliments and endorses the multi profession regulation model. Risk reduction also requires greater clarity on timing of HCPC’s reform and confidence that funding and resources in place realise the opportunity of reform.
