Decision
That the programme has been subject to an annual monitoring audit and that an approval visit is required to determine how the programme continues to meet the standards of education and training.
Reasons
The panel agreed with the recommendation that a visit was required to review the issues raised in the annual monitoring visitors' report. Owing to the nature of issues highlighted by the visitors, the panel stated that a visit must be undertaken in order to ensure that the programme continues to meet the standards of education and training. A visit should be scheduled along a four to five month notification period following guidance previously approved by the Education and Training Committee (2 December 2008).
