Registration – Richard Houghton

Summary

This paper provides an update from the Registration Department for the period 1 June to 30 June 2010.

1) Operational Performance

a) Telephone Calls

i) UK Telephone Calls - During the period from 1 June to 30 June 2010 the team answered a total of 7,352 telephone calls which is 413 less than the same period two years ago.

ii) International Telephone Calls - During the period from 1 June to 30 June 2010 the team answered a total of 1,551 telephone calls which is 148 less than the same period last year.

b) Application Processing

i) UK Applications - A total of 616 new applications were received during this period and 511 individuals were registered, which is 77 less than the same period last year. Applications were processed within our service standard of ten working days of receipt.

Applications for readmission were processed within our service standard of ten working days of receipt.

ii) International Applications - A total of 121 new international applications were received in this period and 104 individuals were registered which is 35 less than the same period last year.

iii) Grandparenting Applications - A total of 23 new grandparenting applications were received in this period and 7 individuals were registered.

c) Emails

i) UK Emails - The team received approximately 100 emails per day and responded to these on average within one day of receipt which is well within our service standard of five working days.

ii) International Emails - The team received approximately 20 emails per day and managed to respond to these on average within three days of receipt which compares favourably with our service standard of five working days response time.

d) Continuing Professional Development (CPD) Audit

Assessment days continued to be held during this period.

e) Registration Renewals

At the start of April, 2010 7,164 renewal forms were sent to dietitians. This year a record total of 95.7% successfully renewed their registration for the next two-year cycle, which is an improvement of 4.4% compared to the last renewal period.

At the start of May 2010 1,573 hearing aid dispensers were invited to renew their registration and registrants have until 31 July 2010 to renew their registration. As at 9 July 2010 1,220 registrants had renewed their registration with 65% renewing online.

At the start of May 2010 12,878 chiropodists / podiatrists were invited to renew their registration and registrants have until 31 July 2010 to renew their registration. As at 9 July 2010 10,802 registrants had renewed their registration with 52% renewing online.

2) Resource

a) Employees

The department is operating within the budgeted headcount.

All new registration employees recruited during the past 12 months have commenced an Institute of Customer Services (ICS) accredited training programme which provides delegates

with a foundation in the knowledge, understanding and skills needed to become a Customer Service Professional. The ICS programme is a 20-hour improvement course which is delivered over 2 days and includes the latest industry research on customer service, keeping the registrations teams at the cutting edge of customer service professionalism. The course gives all participants the opportunity to complete a choice of work based assignments that have been customised to meet the specific needs of the Health Professions Council.

MP36	FTP case management system Phase 2 - Build	Implementation of a single case management system for the FTP department	Marc Seale	Kelly Johnson	£62.3 (O) £563 (C)	Sept 2011	<ul style="list-style-type: none"> ▪ Project is progressing as planned. ▪ Currently engaged in work in the following project areas: <ul style="list-style-type: none"> - Working on the design specification for the HPC content management system (CMS) with the external supplier Charter. We are in the process of reviewing the HPC Design Specification document. - Working on defining paperless office, reporting, and related processes for electronic documents and records management system (EDRMS) with external supplier Deltascheme. At the end of this work we will have design specification document ready for EDRMS which will form a sound foundation for further development work on implementing SharePoint and Kofax solutions. - Working on data migration strategy with external supplier NineFeetTall. The strategy aims to provide us with options on data migration from current databases to (CMS). Initial draft documents are anticipated to be received shortly. 	Green	Green

Facilities Management – Steve Hall

Staffing

There are six permanent employees including the Facilities Manager. Services provided include Reception, Building Maintenance, Post Room, Catering, Health & Safety, Insurance and Building Project Management.

Air Conditioning

Following a power outage on one phase, an air conditioning unit in Park House was found to be faulty and beyond economic repair. This was replaced mid-July, the expenditure being capitalised.

Training

Two members of the Facilities Department attended Customer Service Training in conjunction with colleagues from the Registration Department. The Facilities Manager attended a “Presenting with Impact” course in July and is scheduled to attend a course on Computer Aided Design (CAD) in August.

Building Refurbishments

In August 2010, work is scheduled to take place to carry out the following

- Refurbishment of the toilets within Park House
- Remedial works to areas within Park House/20 Stannary Street showing evidence of damp penetration
- Redecoration of main staircase and traffic routes within Park House and 20 Stannary Street

All above to be take place out of office hours to minimise disruption to the business and stakeholders.

Access Control

The lift within 22-26 Stannary Street has now been successfully incorporated within the access control system but technical issues still remain on the integration of the lift within Park House.

Human Resources

No changes.

Quality Management System (QMS) review meetings and internal audits

The internal audit schedule for 2010-11 is running. Customer Service, and Projects, have been audited. The new archive has had a preliminary audit.

Updating the Quality Management System is ongoing, with controls provided by Lotus Notes database functions.

QMS process updates

A Crisis Management process has been developed in conjunction with the Communication Department, as an extension of the Business Continuity plan.

BSI Audit

The latest BSI audit at HPC took place on 8th June 2010. HPC successfully completed the 3 year audit cycle for ISO9001:2008. The audit concluded with a meeting with HPC's Chair, Chief Executive & Register, Director of Operations and Secretary to Council, leading to positive comments about our commitment to ISO Quality in the organisation. We will be working with a new external auditor from October 2010 after 6 years with Lisa Clarke.

Business continuity

A Disaster Recovery exercise took place over 19th – 21st May, with a scenario based on a major road traffic accident closing Kennington Tube station, and subsequently escalating into a 3 month shut down of parts of the Kennington area.

The exercise was more difficult to react to as it was deliberately set up to provide little substantive information until toward the end of the exercise. This more closely emulates reality.

Information security management

Customisation for our cross organisation Information Security training solution are being designed.

ISO27001 back ground work is progressing.

Information & data management

QMS and HPC intranet integration. Post roll out changes have been designed and have been implemented by the developer.

Business Process Improvement will now be maintaining the running five year registrations forecast.

Low level demographic reports across the active register have been created.

Risk Register

A top ten list of risks will be highlighted and additional levels of detail (description and mitigations) will be provided on these key items.

The next iteration of the risk register is in preparation
